UI/UX DESIGNER

UI/UX Designer with experience in designing user-centered interfaces for web and mobile applications. Proficient in Figma, wireframing, prototyping, design systems, responsive design, and usability principles. Strong understanding of design thinking and problem-solving, with a portfolio showcasing end-to-end design projects. Looking for an opportunity to create meaningful digital experiences while growing as a product designer.

KEY COMPETENCIES

Design skills: User Research and User Experience, Wireframing & Prototyping, UI design, Branding, Typography, Graphics, Web design

Tools & Software: Adobe Illustrator, Adobe Photoshop, Figma, Canva

Technical Skills: HTML, CSS, Bootstrap, Javascript, Wordpress, Wix Studio

PROJECTS

Arcade Games Store App | UI/UX Case Study

- Designed an end-to-end gaming app, from user research and wireframes to high-fidelity prototypes.
- Improved navigation and game discovery with a user-centered interface.

MindNest | UI/UX Case Study

- Designed a mental wellness app focused on accessibility and intuitive user experience.
- Created user flows, wireframes, and interactive prototypes.

SaaS Landing Page & Dashboard

- Designed responsive landing page and dashboard interfaces using reusable components.
- Focused on visual hierarchy, usability, and consistency.

ScoopyDoo | Branding & Website

- Designed the brand identity and responsive website for an ice cream brand.

Peakly | Brand Identity

- Developed a travel-inspired brand identity including logo, color palette, and typography.
